Karndean Designflooring And America's Floor Source Partner To Support Boys & Girls Club Renovation

Flooring Donation Helps Transform Game Room

COLUMBUS, OHIO – America's Floor Source, one of the nation's leading flooring retailers, has partnered with luxury vinyl flooring manufacturer Karndean Designflooring to complete a community-impact project benefiting the Boys & Girls Clubs of Central Ohio. Together, the flooring leaders donated materials and labor to renovate the game room at the J. Ashburn Jr. Youth Center in Columbus, creating a more vibrant, engaging, and welcoming space for local youth.

The renovated space was unveiled during an open house Oct. 9, with families, community leaders, and special guests from the Columbus Crew, three-time Major League Soccer (MLS) Cup winners. The event featured appearances from Stanislav Lapkes, a Columbus Crew player, and the team mascot, Crew Cat.

Karndean generously donated its stylish, durable luxury vinyl flooring – flooring that's waterproof, easy to clean, hygienic, and certified safe for kids and families. America's Floor Source donated labor for the installation as part of its ongoing commitment to serving both its customers and its communities.

"This project is a perfect example of what can happen when great industry partners come together for a great cause," said Katelin Ahern, Director of Marketing at America's Floor Source. "Karndean's support and generosity were instrumental in making this transformation possible, and we're proud to have installed a product we trust and believe in."

The effort is part of a broader partnership between America's Floor Source and the Columbus Crew, the 2023 MLS Cup Champions, focused on community outreach and engagement throughout Central Ohio.

Karndean was proud to partner with America's Floor Source on the project, says Kathy Linden, Karndean Vice President of Marketing.

"As a family business, the opportunity for Karndean to support the important work of Boys & Girls Clubs is especially meaningful," Linden says. "We appreciate America's Floor Source for everything they did to make the project a success. Seeing the smiles on the kids' faces – there was no better way to celebrate the impact this project will have."

The goal of the renovation was to create a warm and welcoming space, says Georden Burton of the Boys & Girls Clubs of Central Ohio.

"The renovation was much needed. The building was constructed in 2001, so the updated flooring is an integral part of the overall appeal of the space," Burton says. "We are extremely happy with it and very appreciative."

America's Floor Source and Karndean Designflooring teamed up to donate flooring and labor for a vibrant new game room at the J. Ashburn Jr. Youth Center in Columbus.

Representatives of America's Floor Source, Karndean Designflooring and the Boys & Girls Clubs of Central Ohio were joined by Columbus Crew goalkeeper Stanislav Lapkes to celebrate renovation of the game room at the J. Ashburn Jr. Youth Center in Columbus.
