New From Karndean Designflooring: Stylish Additions For Two Collections

Luxury Vinyl Supplier Showcases Signature Design Excellence With Wood- And Stone-Inspired Visuals

EXPORT, PA – Karndean Designflooring has introduced new wood- and stone-inspired designs for a pair of its luxury vinyl collections. While the Knight Tile and Opus collections each offer something different, all the new designs showcase the same hands-on craftsmanship that sets Karndean luxury vinyl apart, capturing the natural beauty of hardwood and stone flooring with unmatched artistry.

The launch follows Karndean’s recent update of the popular [Korlok Select](#) and [Korlok Reserve](#) collections, reflecting the supplier’s commitment to offering styles and colors that meet the latest consumer preferences.

Knight Tile Collection

The Knight Tile collection has been a showroom mainstay for Karndean retailers, consistently delivering sales since its introduction more than 25 years ago – and the collection just got even better, with the addition of four stylish new wood- and stone-inspired designs:

- + Russet Character Oak (KP163 | SCB-KP163-6)
- + Meadow Cherry (KP158 | SCB-KP158-6)
- + Norfolk Acacia (KP159 | SCB-KP159-6)
- + Natural Limestone (ST33 | SCB-ST33-G)

Knight Tile is Karndean’s entry-level collection, offering signature Karndean style with a 12 mil wear layer. Every wood and stone design is available in both gluedown and rigid core. Like all Karndean luxury vinyl, Knight Tile is backed by a lifetime residential warranty.

“Knight Tile has time-tested appeal with homeowners,” says Jenne Ross, Karndean Director Of Product. “When you think about everything a homeowner might be considering – aesthetics, installation, durability, performance, price – this single collection is going to have great options for a lot of customers who come through the door.”

To see the new Knight Tile designs, go to the Karndean website: [Karndean.com/newproducts](https://www.karndean.com/newproducts)

Inspired by planks recovered from a wind-powered sawmill in Amsterdam, Russet Character Oak is rich with knots and grain detail.

Natural Limestone brings an earthy character to the home in creamy beige 12" x 18" tiles. Every stone-inspired Knight Tile design in rigid core features painted bevels, giving the tiles added definition.

Opus Collection

With the introduction of 10 new wood- and stone-inspired designs, the Opus collection is getting a significant refresh. Long distinguished for its cool grey tones and modern aesthetics, the new wood and stone designs bring warmth to Opus, broadening the collection's appeal.

A gluedown collection with a 20 mil wear layer, Opus is ideal for creating custom installations that include Karndean's gluedown design strips and borders.

“When we introduced the Opus collection in 2012, it was a deliberate choice to expand the creative palette both residentially and commercially,” Ross says. “Many of these new designs bring a warmer feel to Opus, providing even more stylish options for a popular spec.”

- + Leyster Oak (WP425)
- + Steen Oak (WP426)
- + Vermeer Oak (WP427)
- + Barolo Oak (WP429)
- + Mosel Oak (WP430)
- + Rhine Oak (WP432)
- + Bronze Teak (WP433)
- + Toledo (SP811)
- + Pamplona (SP812)
- + Sillano Marble (SP816)

To see the new Opus designs, go to the Karndean website: [karndean.com/newproducts](https://www.karndean.com/newproducts)

Inspired by reclaimed oak from the Netherlands, Leyster Oak captures the natural beauty of the wood's knots and black marks on large 9" x 48" planks.

Inspired by Italian marble quarried in Tuscany, Sillano Marble blends blue and tawny brown in large 24" x 24" tiles.

Better By Design

Karndean's award-winning luxury vinyl captures the natural beauty of wood and stone in extraordinary detail. Combining artistry, craftsmanship and cutting-edge technology, every wood and stone design is an original available exclusively from Karndean.

Unlike most luxury vinyl suppliers, Karndean develops and owns all of its wood and stone designs, curating the natural materials that inspire them from around the world. The Karndean product development team crafts the wood and stone to enhance the natural beauty, ultimately resulting in a visual on print film that becomes Karndean intellectual property.

The strict control in product development and manufacturing ensures that customers can count on Karndean for the industry's most beautifully crafted luxury vinyl.
