FOR IMMEDIATE RELEASE

Design Professionals Honor Karndean Artistry And Craftsmanship

Luxury Vinyl Supplier Receives ADEX Platinum Awards For All Three 2025 Collection Updates

EXPORT, PA – Two more luxury vinyl collections from Karndean Designflooring have been honored with ADEX Platinum awards.

[Knight Tile](#) and [Korlok Select](#) are two of three collections that were updated with stylish new wood- and stone-inspired visuals in 2025, along with the [Opus](#) collection – which was announced as an ADEX Platinum winner earlier in the year, making Karndean three-for-three for 2025 collection updates.

[ADEX Platinum](#) awards are bestowed annually by Design Journal, a publication for designers and architects. A panel of industry professionals conducts all voting for the awards, which honor exceptional product and project design.

Jenne Ross, Karndean Director Of Product, says the ADEX awards ultimately reflect the luxury vinyl supplier’s commitment to retailers.

“We’re proud to once again be recognized for the artistry and craftsmanship that sets our flooring apart,” Ross says. “We invest heavily in our processes to ensure Karndean retailers have the industry’s most beautifully crafted luxury vinyl in their showrooms and available to customers.”

Knight Tile Collection

The Knight Tile collection is a showroom mainstay for Karndean retailers, consistently delivering sales since its introduction more than 25 years ago. Offering signature Karndean artistry in a product with a 12 mil wear layer, every wood and stone Knight Tile design is available in both gluedown and rigid core. Like all Karndean luxury vinyl, the collection is backed by a lifetime residential warranty.

“Knight Tile has time-tested appeal with homeowners,” Ross says. “When you think about everything a homeowner might be considering – aesthetics, installation, durability, performance, price – this single collection is going to have great options for a lot of customers who come through the door.”

Inspired by planks recovered from a wind-powered sawmill in Amsterdam, Russet Character Oak from the Knight Tile collection is rich with knots and grain detail.

Korlok Select Collection

Korlok Select is a WPC rigid core collection with a 20 mil wear layer. The 2025 color additions were carefully developed to refresh the collection based on emerging consumer preferences.

“We understand how essential the right color is for homeowners, and we’re happy to support our retailers by broadening the spectrum of options in their showrooms,” Ross says.

Korlok Select is manufactured with a 5G® locking mechanism backed by a HoldFast™ lifetime residential warranty. Stone-inspired tiles in the collection feature InteGrout®, a nonporous, stain-resistant edge that replicates the look of grout in an installed floor.

Inspired by marble sourced from the Calabria region of Italy, Bianco Breccia from the Korlok Select collection tiles feature InteGrout®, which replicates the look of grout without the installation or maintenance challenges.

Inspired by reclaimed oak from the Netherlands, Leyster Oak captures the natural beauty of the wood's knots and black marks on large 9" x 48" planks.

Better By Design

Karndean Designflooring luxury vinyl captures the natural beauty of wood and stone in extraordinary detail. Combining artistry, craftsmanship and cutting-edge technology, every wood and stone design is an original available exclusively from Karndean.

Unlike most luxury vinyl suppliers, Karndean develops and owns all of its wood and stone designs, curating the natural materials that inspire them from around the world. The Karndean product development team crafts the wood and stone to enhance the natural beauty, ultimately resulting in a visual on print film that becomes Karndean intellectual property.

The strict control in product development and manufacturing ensures that customers can count on Karndean for the industry's most beautifully crafted luxury vinyl.
